PROFILE

Front-End and Shopify Developer with more than 4 years of experience, having in-depth knowledge in front-end development and store customization on the Shopify platform. Able to create aesthetically pleasing and highly functional websites that meet client requirements and market standards.

My goal is to develop and improve my skills in Full-Stack and Shopify development, bringing innovation and a high level of professionalism to the projects I work on. I intend to further deepen my understanding of modern technologies, improve the efficiency of workflows, and provide high-quality solutions for clients.

WORK EXPERIENCE
